Halloween Safety Tips

FALL 2016

VOLUME 2, ISSUE 3

- 1 Stay well lit.**
Apply reflective tape to your child's costume, carry a flashlight or a glow stick. Keep your path lit and ensure you're seen by drivers on the road.
- 2 Pick your masks carefully.**
Sometimes, masks only have the smallest slits for the eyes and breathing holes. Don't hesitate to cut out larger openings for your trick-or-treater's comfort.
- 3 Wear comfy shoes.**
When walking a great deal, comfy shoes are a must! Any and all shoelaces should be double-knotted to ensure that nobody trips in the dark!
- 4 Pick a practical treat bag.**
A good solution is for kids to use a pillowcase that they can sling over their shoulder, or a backpack that keeps hands free to use a flashlight.
- 5 Plan a route in advance.**
Halloween is exciting, but kids aren't as fun when they're tired and cranky! Be sure to map out a route before you take off.
- 6 Walk. Don't run.**
Keep everybody safe by taking your time, looking both ways before you cross the street and avoiding contact with other trick-or-treaters.
- 7 Check your child's candy.**
Dispose of any candy that is not in its original wrapper, or looks as though it has been opened.

TEAL PUMPKIN PROJECT

The teal pumpkin means we have non-food treats available for children with food allergies!
