

We believe in Women's Wellness for Life!

MiSN Community Health Workers
can help women ages 14-48 struggling
to make ends meet to stay healthy.

It's your choice - we can come to you, or
meet you somewhere you like.

We also have offices in Ellenville
& Kingston where we can see you.

Call or text one of our friendly,
caring Community Health Workers
and mention that you saw this card:
