### THE INTERVIEW PROCESS

After you have taken a tour of a household and have submitted your application, you will then need to interview with the Program leadership. You will receive a call from the staff to set up this interview. It is important that you provide a phone number where you are reachable. If this number changes after you submit your application, contact the program with your updated contact information.

After your interview, you will receive a call to let you know if you are accepted into the program. There are many factors that contribute to being accepted into MidWay. If you are *not* accepted, the program will provide you with referrals to appropriate resources that may be of help to you.

### WE'LL TALK TO YOU SOON!

*I have done my best to answer each question honestly.  
I am now requesting an interview for the program.*

## FREQUENTLY ASKED QUESTIONS ABOUT MIDWAY

MidWay has two program sites- this application is for BOTH sites, and you can tell us in the interview or on the last page of the application if you would prefer to wait for one of the sites.

Each resident is responsible to provide their own food- this may mean we apply for food stamps right away and utilize food pantries at the start of your stay if you need.

Each resident has their own room and receives a key to the house and to their own bedroom.

There is free WiFi available.

There is a curfew that starts at 8pm for the first 30 days while we all get to know one another. After that, curfews can be later. If you have a work schedule that requires you to be out past curfew, we can meet to work that out with you.

When you enter the program, you will receive all the household expectations and the staff will help you along the way. You are not expected to know how everything works right away! Please ask questions and the staff will do their best to support your transition into the household.

Medications are kept in the locked office, and we ask that you come to the office to take them. This includes over the counter drugs. All will be kept in one container with your name on it.

We are not able to house pets.

You can stay in your school if you choose, even if MidWay is located outside of your school district. It may mean that you are on a school bus for a long ride, but you have the right to continue your education in your current school. If you *wanted* to switch into Kingston or Ellenville school district, you have the right to do that, too.

If you are currently in foster care, you would not be eligible for MidWay, as we can only house youth OUTSIDE of foster care. Please talk with us if this is an issue so we can help you figure out the best course of action.

***Please ask any and all questions during your interview and/or on your application! We want you to make the best decision for yourself, and want you to know what to expect at MidWay.***
